Who We Are

Since 1970, the VSA has culturally enriched the community and its members by bringing together some of the best volunteer musicians from the Uncompahgre, North Fork, and Grand Valleys to discover and present works of great composers, past and present. Performances range from classical orchestral to upbeat pop, from purely instrumental to purely choral, to a combination of both.

Why We Matter

A vibrant arts community improves the quality of life for the region. The VSA brings symphonic music—a powerful art form with timeless appeal—to Western Slope audiences of all ages.

"Orchestras contribute to healthy societies through their increasingly active participation in civic life. The presence of an orchestra is often an indicator of a community's economic and cultural strength, as communities with orchestras tend to draw volunteers, voters, philanthropists, and other active civic-minded participants." - League of American Orchestras

Help Us Fill in the Gaps!

There are many stories across the Western Slope involving the VSA, but there are gaps within our decades-long history. If you have access to concert programs or articles, stories, or memories about the VSA or some of the people involved, please share it with us!
